Tip:

- You can download the app of [KaKaoMap \(Android\)](#)/ [KaKaoMap \(iOS\)](#) on your phone. This is a great app because it comes with an English language support function, allowing you to navigate the places easily. 😊

The workaround to open links inside the KakaoMap app and not the browser:

Method 1: Settings > Apps > Default apps > Browser > Choose "Chrome"

Method 2: Settings > Apps > Manage apps or All apps > open 3-dots menu (at the top-right corner of the screen) > Default apps > Browser > Choose "Chrome" (**If can't find the "Default apps" from the method 1, try this method.**)
